

40TH ANNIVERSARY EDITION

Liveliness and dynamics are trademarks of TRIANGLE's sound, and they are packed into this gem, the Duetto 40TH, a compact 2-way bookshelf speaker.

Superb piece of engineering, its horn-loaded tweeter TZ2900 is equipped with a next generation dome in magnesium alloy. This transducer highlights the finest details of your recordings and brings out the subtlety of the upper harmonics.

Its full-range 16cm midrange/bass driver produces rich bass details. It features a new paper cone that reproduces any vocal register with great neutrality without the slightest coloration. The Duetto speaker offers a really clear sound and puts the music forward.

Its elaborate crossover, equipped with high quality components, optimizes the bass and treble phasing for an outstanding transparency.

This compact speaker fits perfectly in rooms of less than 30m², a technological achievement for a speaker consisting of only two drivers, The Duetto is supplied with an accessory box for an adapted decoupling. The S08 speaker stand, designed specifically for this model, is available as an option.

Datasheet

FINISHES :

Space Black

Golden Oak

Shadow Zebrano

TECHNOLOGIES

Tweeter TZ2900PMMG
New Magnesium Dome

Midwoofer T16GMF72MS
New cone shape

Binding post
New connectors

Inner cable
AudioQuest cable
LGC copper

Filters & components
SCR AUDIO capacitors
and air core coils

TECHNICAL SPECIFICATIONS

Type	Bass Reflex	Nominal impedance (ohms)	8
Ways	2	Minimum impedance (ohms)	4
Driver units	2	Dimensions (mm) W x D x H	9.9 x 13.7 x 18.1
Sensitivity (dB/W/m)	88	Dimensions with pedestal (inch) W x D x H	9.9 x 13.7 x 18.9
Bandwidth (+/-3dB Hz-KHz)	38 - 30	Total height on S08 support (mm)	44.9
Power handling (W)	30 - 150	Unit net weight (Lbs)	37
High frequency roll-off (KHz)	3.1 (24dB/Oct)
